

# TRADING MENTORSHIP AGREEMENT & RISK DISCLOSURE

## Please Read Carefully Before Continuing

Thank you for your interest in my Trading Mentorship Program.

This mentorship has been created based on my personal trading experience, research, market observations, and refined trading methodologies developed over more than three years of active participation in the financial markets.

Before requesting mentorship or purchasing any individual strategy, please read and understand the following information carefully.

### 1. Educational Purpose

This mentorship is provided strictly for educational and informational purposes.

The content is intended to help you understand market structure, trading concepts, execution techniques, and risk management.

Nothing within this mentorship should be interpreted as financial, investment, or legal advice.

### 2. No Guaranteed Profits

Trading is a high-risk activity.

I do not guarantee:

- Profitable trades
- Daily income
- Monthly income
- Account growth
- Funded account success
- Consistent profitability
- Any specific financial outcome

Every trader's results are different.

Your success depends entirely on your own discipline, psychology, consistency, practice, and decision-making.

### 3. Trading Risk

Trading Forex, Commodities, Indices, Cryptocurrencies, CFDs, Futures, and other financial instruments involves significant financial risk.

You may lose part or all of your trading capital.

Only trade with money you can afford to lose.

Never borrow money or trade funds required for essential living expenses.

#### **4. Personal Responsibility**

By joining this mentorship, you acknowledge that:

- Every trade you take is your own decision.
- You are fully responsible for your own profits and losses.
- I am not responsible for any financial losses, emotional stress, account failures, or missed opportunities resulting from your trading decisions.

#### **5. Strategy Usage**

The strategies provided during mentorship are intended to help you develop a structured trading process.

These strategies should not be blindly copied.

Students are encouraged to:

- Backtest
- Forward test
- Demo trade
- Understand the concepts completely

before applying them to live accounts.

#### **6. Market Conditions**

Financial markets constantly change.

A strategy that performs well today may require adjustments in the future.

Successful trading depends on adapting to changing market conditions rather than relying on fixed rules.

#### **7. Mentorship Expectations**

During mentorship, I will provide:

- Trading concepts
- Market structure understanding
- Strategy explanations
- Execution models
- Risk management guidance
- Psychology guidance
- Question support within the agreed mentorship scope

However, I cannot promise instant success or profitability.

Learning trading requires patience, discipline, and continuous practice.

## **8. Individual Strategies**

Individual strategy purchases are educational products.

Purchasing a single strategy does not include the complete mentorship unless explicitly stated.

The Complete Trading Mentorship includes all individual strategies as part of the overall learning program.

## **9. Intellectual Property**

All mentorship materials, strategy documents, charts, PDFs, videos, indicators, screenshots, and educational resources remain my intellectual property.

They may not be:

- Shared
- Copied
- Reproduced
- Sold
- Distributed
- Uploaded publicly
- Used for commercial purposes

without my written permission.

## **10. Confidentiality**

Students are expected to maintain confidentiality regarding mentorship materials and discussions.

Respect for intellectual property helps maintain the quality and integrity of the mentorship.

## **11. Communication**

Questions related to the mentorship are welcome.

Constructive discussions are encouraged.

Respectful communication is expected from both mentor and student.

Abusive, offensive, or inappropriate behaviour may result in termination of mentorship without further support.

## **12. Refund Policy**

Please review the mentorship details carefully before making any payment.

Because the mentorship contains digital educational content and personalized guidance, refunds are generally not available once access has been provided, except where required by applicable law or if otherwise agreed in writing.

### **13. Performance Disclaimer**

Examples, charts, screenshots, and historical trades shown during mentorship are for educational illustration only.

Past performance does not guarantee future results.

No historical example should be considered a promise of future profitability.

### **14. Technology Disclaimer**

Trading platforms, brokers, internet connections, third-party services, and market data providers may experience delays or technical issues.

I am not responsible for losses caused by platform outages, broker execution, internet failures, software bugs, or external technical problems.

### **15. Agreement**

By selecting "**I Have Read and Agree**", you confirm that:

- You have carefully read this entire document.
- You understand the risks involved in trading.
- You understand there are no guaranteed profits.
- You understand this mentorship is educational only.
- You accept full responsibility for your own trading decisions.
- You agree to these terms before contacting me regarding mentorship or individual trading strategies.
